

# SAFETY DATA SHEET

Issue Date 25-Oct-2018

Revision Date 15-Jan-2020

Version 2

# 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product Na	me
------------	----

MICRO-SOAK 46 L

Other means of identification	
Product Code	161
UN/ID No.	UN2693
Synonyms	None

Recommended use of the chemical	and restrictions on use
Recommended Use	Membrane System Preservative.
Uses advised against	No information available

Manufacturer Address

Anderson Chemical Company, 325 South Davis Avenue, Litchfield, MN 55355 (320-693-2477)

#### Emergency telephone number

Chemtrec 1-800-424-9300

# 2. HAZARDS IDENTIFICATION

#### Classification

Skin corrosion/irritation	Category 1
Serious eye damage/eye irritation	Category 1

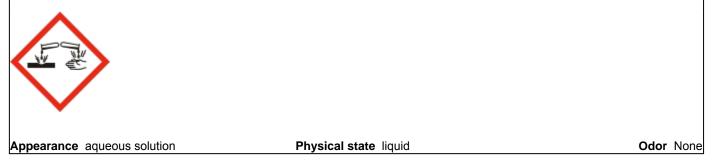

## Label elements

**Emergency Overview** 

# Danger

Hazard statements

Causes severe skin burns and eye damage

# **Precautionary Statements - Prevention**

Do not breathe dust/fume/gas/mist/vapors/spray Wash face, hands and any exposed skin thoroughly after handling Wear protective gloves/protective clothing/eye protection/face protection

## **Precautionary Statements - Response**

Immediately call a POISON CENTER or doctor/physician

Specific treatment (see Section 4 on this label)

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing Immediately call a POISON CENTER or doctor/physician

IF ON SKIN (or hair): Remove/Take off immediately all contaminated clothing. Rinse skin with water/shower Wash contaminated clothing before reuse

IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Immediately call a POISON CENTER or doctor/physician IF SWALLOWED: Rinse mouth. DO NOT induce vomiting

#### Precautionary Statements - Storage Store locked up

# Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

## Hazards not otherwise classified (HNOC)

# Other Information

Unknown Acute Toxicity

0% of the mixture consists of ingredient(s) of unknown toxicity

# **3. COMPOSITION/INFORMATION ON INGREDIENTS**

Chemical Name	CAS No.	Weight-%	Trade Secret
Ammonium Bisulfite	10192-30-0	<20	
Sodium Metabilsulfite	7681-57-4	<10	

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

4. FIRST AID MEASURES		
First aid measures		
Eye contact	Flush immediately with water for 15 minutes. Lift upper and lower eyelids for complete rinsing. Get immediate medical attention.	
Skin Contact	Flush with water for 15 minutes. If irritation persists after rinsing, get medical attention. Remove contaminated clothing and wash before reuse.	
Inhalation	Remove victim to fresh air. If breathing difficulty occurs or persists, get medical attention.	
Ingestion	Rinse mouth with water. Give water to dilute. Do not induce vomiting. Get immediate medical attention. Never give anything by mouth to a semi-comatose, comatose, convulsing or unconscious person.	
•• •• • • •		

#### Most important symptoms and effects, both acute and delayed

Symptoms Vapor can irritate the eyes, nose, and respiratory tract. Corrosive. May cause severe damage including blindness Substance is corrosive. Causes severe skin burns. Can cause moderate injury (reddening and swelling). Breathing mists or vapors causes irritation of the nose, throat and respiratory tract. Inhaling vapors and mists of sulfite substances has been rerpoted to cause asthma-like reactions in sensitive individuals. Symptoms may include coughing, difficult breathing and a feeling of tightness in the chest. Extreme over-exposure to mists or vapors may casue severe irritation and pulmonary edema (fluid in the lungs). Swallowing can cause severe irritation to the mouth, throat, and digestive system. May cause burns. Sulfite substances can cause asthma like symptoms in sensitive individuals if ingested, even at very small quantities. May cause vomiting. Small amounts of this product drawn into the lungs during ingestion or vomting could cause a potentially life-threatening accumulation of fluid. May cause a severe allergic reaction in some asthmatics and sulfite-sensitive individuals. \*see section 8 for additional information.

#### Indication of any immediate medical attention and special treatment needed

Note to physicians Treat symptomatically.

# **5. FIRE-FIGHTING MEASURES**

Suitable extinguishing media Appropriate to surrounding fire.

Unsuitable extinguishing media None known.

#### Specific hazards arising from the chemical

No information available.

Explosion data Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.

#### Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear. Use water spray to cool fire exposed containers.

# 6. ACCIDENTAL RELEASE MEASURES

#### Personal precautions, protective equipment and emergency procedures

Personal precautions	Evacuate nonessential personnel. Ventilate area. Wear appropriate personal protection equipment.
Environmental precautions	See Section 12 for additional ecological information.
Methods for containment	Completely contain spilled material with dikes or sand bags, etc.
Methods for cleaning up	Recover as much material as possible into containers for disposal or reuse. Remaining material may be diluted with water and neutralized (if necessary). Flush spill area with water. Neutralization products, both solid and liquid, must be recovered for disposal.

# 7. HANDLING AND STORAGE

#### Precautions for safe handling

Advice on safe handling Do not get in eyes, on skin, or clothing. Do not breathe vapors or mists. Do not ingest. Wash thoroughly after handling. Wear protective clothing/equipment. Use with adequate ventilation.

#### Conditions for safe storage, including any incompatibilities

Storage ConditionsKeep containers tightly closed and properly labeled. Containers that have been emptied will<br/>retain product residue and should be handled as if they were full. Store in a cool, dry,<br/>well-ventilated place away from incompatible materials. Wash hands before eating,<br/>drinking, using tobacco, applying make-up or using the toilet. Do not store, use, and/or<br/>consume foods, beverages, tobacco in areas where this product is stored.Incompatible materialsStrong acids forms sulfur dioxide gas (see section 8). Strong bases. Excessive heat.

# 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

## Control parameters

## **Exposure Guidelines**

\*When this product is acidified, toxic gases of sulfur dioxide can form. See below for exposure limits.

Chemical Name	ACGIH TLV	OSHA PEL
Sulfur Dioxide 7446-09-5	STEL: 0.25 ppm 15 minute	TWA: 5 ppm 8 hours. TWA: 13 mg/m <sup>3</sup> 8 hours

# Appropriate engineering controls

Showers Eyewash stations Ventilation systems.

# Individual protection measures, such as personal protective equipment

Eye/face protection	Wear safety glasses with side shields (or goggles).
Skin and body protection	If contact is anticipated, wear protective clothing appropriate to use conditions.
Respiratory protection	If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations.
General Hygiene Considerations	Handle in accordance with good industrial hygiene and safety practice.

# 9. PHYSICAL AND CHEMICAL PROPERTIES

# Information on basic physical and chemical properties

Physical state Appearance Color	liquid aqueous solution clear colorless	Odor Odor threshold	None No information available
<u>Property</u> pH Melting point/freezing point Boiling point / boiling range Flash point	<u>Values</u> 5.2-5.8 No information available No information available No information available		
Evaporation rate Flammability (solid, gas) Flammability Limit in Air	No information available No information available		
Upper flammability limit: Lower flammability limit: Vapor pressure Vapor density	No information available No information available No information available No information available		
Specific Gravity Water solubility Solubility in other solvents	1.160 Soluble in water No information available		
Partition coefficient Autoignition temperature Decomposition temperature Kinematic viscosity	No information available No information available No information available No information available		
Dynamic viscosity Explosive properties Oxidizing properties	No information available No information available No information available		
Other Information			
Softening point Molecular weight VOC Content (%) Density Bulk density	No information available No information available No information available No information available No information available		

# **10. STABILITY AND REACTIVITY**

#### Reactivity No data available

Chemical stability

Stable under recommended storage conditions.

# Possibility of Hazardous Reactions

None under normal processing.

## Conditions to avoid

Ρ

Extremes of temperature and direct sunlight.

## Incompatible materials

Strong acids forms sulfur dioxide gas (see section 8). Strong based. Excessive heat.

#### Hazardous Decomposition Products

Ammonia. Thermal decomposition will generate sulfur dioxide. Toxic gases.

# **11. TOXICOLOGICAL INFORMATION**

## Information on likely routes of exposure

Product Information	No data available
Inhalation	May cause irritation of respiratory tract.
Eye contact	Contact causes severe eye irritation and possible burns.
Skin Contact	Contact causes severe skin irritation and possible burns.
Ingestion	May be harmful if swallowed.

# Information on toxicological effects

Symptoms	No information available.	
Delayed and immediate effects as v	vell as chronic effects from short and long-term exposure_	
Sensitization Germ cell mutagenicity Carcinogenicity Reproductive toxicity STOT - single exposure STOT - repeated exposure Aspiration hazard	No information available. No information available. No information available. No information available. No information available. No information available. No information available.	
Numerical measures of toxicity - Product Information		
Unknown Acute Toxicity	0% of the mixture consists of ingredient(s) of unknown toxicity	

# **12. ECOLOGICAL INFORMATION**

<u>Ecotoxicity</u> No information available.

#### Persistence and degradability No information available.

**Bioaccumulation** No information available.

Other adverse effects

No information available

# **13. DISPOSAL CONSIDERATIONS**

Waste treatment methods	
Disposal of wastes	Disposal should be in accordance with applicable regional, national and local laws and regulations.
Contaminated packaging	Do not reuse container.

# 14. TRANSPORT INFORMATION

DOT

UN/ID No. Proper shipping name Hazardous ingredients Hazard Class Packing Group Regulated UN2693 Bisulfites, aqueous solutions, N.O.S. (Ammonium Bisulfite / Sodium Metabisulfite) 8 III

# **15. REGULATORY INFORMATION**

International Inventories	
TSCA	Does not comply

## US Federal Regulations

## SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

# SARA 311/312 Hazard Categories

Yes
No
No
No
No

#### CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

# **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

## US State Regulations

#### California Proposition 65 This product does not contain any Proposition 65 chemicals

# U.S. State Right-to-Know Regulations

## **U.S. EPA Label Information**

EPA Pesticide Registration Number Not Applicable
