

# SAFETY DATA SHEET

Issue Date 01-May-2025

Revision Date 01-May-2025

Version 1

## 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

**Product Name** BRILLIANT RTU

**Other means of identification**

**Product Code** 475

**Synonyms** None

**Recommended use of the chemical and restrictions on use**

**Recommended Use** Ready to use Multi-Purpose/Glass Cleaner.

**Uses advised against** No information available

**Manufacturer Address**

Anderson Chemical Company, 325 South Davis Avenue, Litchfield, MN 55355 (320-693-2477)

**Emergency telephone number**

Chemtrec 1-800-424-9300

## 2. HAZARDS IDENTIFICATION

**Classification**

**OSHA Regulatory Status**

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122)

**Label elements**

### Emergency Overview

The product contains no substances which at their given concentration, are considered to be hazardous to health

**Appearance** Clear, light blue liquid

**Physical state** liquid

**Odor** Odorless

**Precautionary Statements - Response**

**Hazards not otherwise classified (HNOC)**

**Other Information**

Unknown Acute Toxicity 0% of the mixture consists of ingredient(s) of unknown toxicity

## 3. COMPOSITION/INFORMATION ON INGREDIENTS

\*The exact percentage (concentration) of composition has been withheld as a trade secret.

## 4. FIRST AID MEASURES

**First aid measures**

|                     |                                                                                                                                                              |
|---------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye contact</b>  | Flush immediately with water for 15 minutes. Lift upper and lower eyelids for complete rinsing. If irritation persists after rinsing, get medical attention. |
| <b>Skin Contact</b> | Not an expected route of exposure. If irritation occurs, rinse with water. Remove contaminated clothing and wash before reuse.                               |
| <b>Inhalation</b>   | If respiratory irritation occurs, remove victim to fresh air.                                                                                                |
| <b>Ingestion</b>    | Not an expected route of exposure. If ingested, rinse mouth with water.                                                                                      |

**Most important symptoms and effects, both acute and delayed**

|                 |                                                 |
|-----------------|-------------------------------------------------|
| <b>Symptoms</b> | May cause eye irritation, watering and redness. |
|-----------------|-------------------------------------------------|

**Indication of any immediate medical attention and special treatment needed**

|                           |                        |
|---------------------------|------------------------|
| <b>Note to physicians</b> | Treat symptomatically. |
|---------------------------|------------------------|

**5. FIRE-FIGHTING MEASURES****Suitable extinguishing media**

Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

**Unsuitable extinguishing media** No information available.

**Specific hazards arising from the chemical**

No information available.

**Explosion data**

**Sensitivity to Mechanical Impact** None.

**Sensitivity to Static Discharge** None.

**Protective equipment and precautions for firefighters**

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

**6. ACCIDENTAL RELEASE MEASURES****Personal precautions, protective equipment and emergency procedures**

|                                  |                                                                             |
|----------------------------------|-----------------------------------------------------------------------------|
| <b>Personal precautions</b>      | Evacuate nonessential personnel. Ventilate area.                            |
| <b>Environmental precautions</b> | See Section 12 for additional ecological information.                       |
| <b>Methods for containment</b>   | Completely contain spilled material with dikes or sand bags, etc.           |
| <b>Methods for cleaning up</b>   | Recover as much material as possible into containers for disposal or reuse. |

**7. HANDLING AND STORAGE****Precautions for safe handling**

|                                |                                                                                                                                              |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Advice on safe handling</b> | Do not get in eyes, on skin, or clothing. Wash thoroughly after handling. Do not breathe mist. Use with adequate ventilation. Do not ingest. |
|--------------------------------|----------------------------------------------------------------------------------------------------------------------------------------------|

**Conditions for safe storage, including any incompatibilities**

|                               |                                                                                   |
|-------------------------------|-----------------------------------------------------------------------------------|
| <b>Storage Conditions</b>     | Keep in properly labeled containers. Keep tightly closed in a dry and cool place. |
| <b>Incompatible materials</b> | Strong oxidizing agents.                                                          |

**8. EXPOSURE CONTROLS/PERSONAL PROTECTION****Control parameters****Exposure Guidelines****Appropriate engineering controls**

Showers  
Eyewash stations  
Ventilation systems.

**Individual protection measures, such as personal protective equipment**

|                                 |                                                                                                                                                                                                                                                                                                                         |
|---------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Eye/face protection</b>      | Avoid contact with eyes.                                                                                                                                                                                                                                                                                                |
| <b>Skin and body protection</b> | No special technical protective measures are necessary.                                                                                                                                                                                                                                                                 |
| <b>Respiratory protection</b>   | If exposure limits are exceeded or irritation is experienced, NIOSH/MSHA approved respiratory protection should be worn. Positive-pressure supplied air respirators may be required for high airborne contaminant concentrations. Respiratory protection must be provided in accordance with current local regulations. |

**General Hygiene Considerations** Handle in accordance with good industrial hygiene and safety practice.

**9. PHYSICAL AND CHEMICAL PROPERTIES****Information on basic physical and chemical properties**

|                               |                          |                                |                          |
|-------------------------------|--------------------------|--------------------------------|--------------------------|
| <b>Physical state</b>         | liquid                   | <b>Odor</b>                    | Mild                     |
| <b>Appearance</b>             | aqueous solution         | <b>Odor threshold</b>          | No information available |
| <b>Color</b>                  | clear, light blue        |                                |                          |
| <b><u>Property</u></b>        | <b><u>Values</u></b>     | <b><u>Remarks • Method</u></b> |                          |
| pH                            | 11.6-12.2                |                                |                          |
| Melting point/freezing point  | No information available |                                |                          |
| Boiling point / boiling range | No information available |                                |                          |
| Flash point                   | No information available |                                |                          |
| Evaporation rate              | No information available |                                |                          |
| Flammability (solid, gas)     | No information available |                                |                          |
| Flammability Limit in Air     |                          |                                |                          |
| Upper flammability limit:     | No information available |                                |                          |
| Lower flammability limit:     | No information available |                                |                          |
| Vapor pressure                | No information available |                                |                          |
| Vapor density                 | No information available |                                |                          |
| Specific Gravity              | 1.022                    |                                |                          |
| Water solubility              | completely soluble       |                                |                          |
| Solubility in other solvents  | No information available |                                |                          |
| Partition coefficient         | No information available |                                |                          |
| Autoignition temperature      | No information available |                                |                          |
| Decomposition temperature     | No information available |                                |                          |
| Kinematic viscosity           | No information available |                                |                          |
| Dynamic viscosity             | No information available |                                |                          |
| Explosive properties          | No information available |                                |                          |
| Oxidizing properties          | No information available |                                |                          |

**Other Information**

|                  |                          |
|------------------|--------------------------|
| Softening point  | No information available |
| Molecular weight | No information available |
| VOC Content (%)  | No information available |
| Density          | No information available |
| Bulk density     | No information available |

**10. STABILITY AND REACTIVITY****Reactivity**

No data available

**Chemical stability**

Stable under recommended storage conditions.

**Possibility of Hazardous Reactions**

None under normal processing.

**Conditions to avoid**

None known based on information supplied.

**Incompatible materials**

Strong oxidizing agents.

**Hazardous Decomposition Products**

carbon dioxide, carbon monoxide, nitrogen oxides, hydrochloric acid.

**11. TOXICOLOGICAL INFORMATION****Information on likely routes of exposure**

|                            |                                                                       |
|----------------------------|-----------------------------------------------------------------------|
| <b>Product Information</b> | No data available                                                     |
| <b>Inhalation</b>          | Inhalation may cause irritation                                       |
| <b>Eye contact</b>         | May be irritating to eyes.                                            |
| <b>Skin Contact</b>        | May cause skin irritation and/or dermatitis in sensitive individuals. |
| <b>Ingestion</b>           | May be irritating to mouth, throat and stomach.                       |

**Information on toxicological effects**

|                 |                           |
|-----------------|---------------------------|
| <b>Symptoms</b> | No information available. |
|-----------------|---------------------------|

**Delayed and immediate effects as well as chronic effects from short and long-term exposure**

|                                 |                           |
|---------------------------------|---------------------------|
| <b>Sensitization</b>            | No information available. |
| <b>Germ cell mutagenicity</b>   | No information available. |
| <b>Carcinogenicity</b>          | No information available. |
| <b>Reproductive toxicity</b>    | No information available. |
| <b>STOT - single exposure</b>   | No information available. |
| <b>STOT - repeated exposure</b> | No information available. |
| <b>Aspiration hazard</b>        | No information available. |

**Numerical measures of toxicity - Product Information**

|                               |                |
|-------------------------------|----------------|
| <b>Unknown Acute Toxicity</b> | Not Applicable |
|-------------------------------|----------------|

**12. ECOLOGICAL INFORMATION**

**Ecotoxicity**

0% of the mixture consists of component(s) of unknown hazards to the aquatic environment

**Persistence and degradability**

No information available.

**Bioaccumulation**

No information available.

**Other adverse effects**

No information available

**13. DISPOSAL CONSIDERATIONS****Waste treatment methods****Disposal of wastes**

Disposal should be in accordance with applicable regional, national and local laws and regulations.

**Contaminated packaging**

Rinse empty container and offer for recycling.

**14. TRANSPORT INFORMATION****DOT**

Not regulated

**15. REGULATORY INFORMATION****International Inventories**

|               |                 |

**US Federal Regulations**

**CWA (Clean Water Act)**

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

**CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

**US State Regulations****California Proposition 65**

This product does not contain any Proposition 65 chemicals

**U.S. State Right-to-Know Regulations****U.S. EPA Label Information**

**EPA Pesticide Registration Number** Not Applicable

**16. OTHER INFORMATION**
